

Cycling Basics

Bike safe, bike smart.

Gear up

Always wear a helmet. Make sure your bike has both a front and back light so you stay visible in traffic.

Ride safely and follow the law

Cyclists must follow the same road rules as vehicles. Learn The League of American Bicyclists' rules of the road at bikeleague.org/ridesmart

Register with TUPD

Registering your bike can deter theft and help the Tufts Police identify it if it is stolen. Learn more about theft prevention and how to register at go.tufts.edu/bikeregistration

Secure your bike

U-locks are the most effective way to protect your bike from theft. Always pass the lock through your bike's frame, and also try to secure the wheels when possible. U-locks can be purchased from the Tufts Bookstore.
